Madison Neighborhood Indicators (2008)

Allis Plan District

Madison Planning Districts:

Planning districts are delineated by the City of Madison Planning and Development Office. They are designed to provide data at a useful scale with full coverage of the city. The planning districts generally cover several neighborhoods and alder districts but their boundaries are built based on census geographies rather than neighborhoods.

Notes:

* School and education data are from the Madison Metropolitan School District and show figures for students or students' households as available and are not for the entire population.

n/a Cells containing "n/a" indicate that the rate or figure is not applicable.

--- Cells containing "---" indicate that the data is not available yet but is forthcoming.

spr* Cells containing "spr*" indicate that data have been suppressed to protect confidentiality. This means there was a count of five or fewer in the category shown or five or fewer in the obverse of the category shown, the latter being derivable using the percentage. Correspondence between some neighborhood associations and planning district geographies required suppression of these data for neighborhood geographies.
